

Vision Statement

We look forward to a community where our youth feel valued, healthy, safe, and make positive life choices.

The following set of core values outline the guiding principles of Raymond Coalition For Youth.

We believe, are committed to, and value:

- The safety and well being of our youth
- Moral and character development of our youth
- Empowering and involving all youth as equal partners
- Future of youth and youth as the future
- Engaging every part of the community to have positive impact of youth
- Developing respect for self, others and environment
- Supporting families as the primary source for education, character building, and raising healthy youth

Our strategies including the following;

Providing support and services for healthy family development

Enlisting broader community participation in the lives of youth

Promoting community/school integration and support after school programming

Developing a Raymond Community Center

Creating and supporting community service opportunities for Raymond youth
