

A NASCAR Driving Experience for One Person

Estimated Value \$Priceless

Imagine yourself behind the wheel of a NASCAR racecar, suited up and speeding along at speeds of up to 150 mph. What a thrill being behind the wheel of REAL NASCAR race cars that have all been raced in competition.

You start the day being suited up. Then a 45 minute classroom session. Finally the experience of a lifetime, 8 minutes of putting the pedal to the metal and seeing if you have what it takes to be a NASCAR driver!

There is no lead car to follow and no instructor riding with you. Using an in-car radio, the instructor guides you out onto the track. They'll work with you and the other students on accelerating, braking, passing, and finding your fastest line. With your loved ones on the sidelines watching, experience the once-in-a-lifetime thrill of a heart-pumping, white-knuckle race car drive. You focus on the track ahead while the roar of the engine drowns out every other thought. When the checkered flag waves, it's back into the pits and out of your safety gear. The best thing you'll take with you is the memory of your once-in-a-lifetime adventure.

Your NASCAR Driving Experience includes:

- One NASCAR driving experience for one person for 8 minutes around a Super Speedway
- Instructions from a professional driver and professional suiting including a Helmet (with one way radio communication) and a HANS Device
